#### Properties

Raw material	Halogen free, heavy metals free (RoHS) and specially stabilized thermoplastic PP
Electrical characteristics	With electrical insulated characteristics
Resistance to flame propagating	Flame propagating
Compatibility (conduit nominal outer diameter)	Ø50 Ø63 Ø75 Ø90 Ø110 Ø125 Ø160

Spacers have two rows of support points (four support points each). They can also be easily joined, thanks to their intelligent connection system. Moreover, their special construction allows them to be easily separated in a single move, in one row or in fewer positions, depending on the requirements of the specific installation. Finally, there is sufficient support width at each position to prevent the creation of point loads on the conduits.
